

The Carbon Advocate.

H. V. NORTIMER, EDITOR.

LEHIGHTON, PA.

SATURDAY MORNING, MARCH 22, 1874.

We have received from the National Publishing Co., 19 N. 7th Street, Philadelphia, specimens of the History of the Grange Movement; or the Farmers' War against Monopolies; by Edw'd Winslow Martin. The work will be well gotten up and will be sold by subscription. It will undoubtedly be a work of much interest to our Farmers.

The Democratic State Central Committee in session in Philadelphia, on Monday, resolved to hold a state Convention at Pittsburg in May. A resolution was adopted that where representatives and senatorial delegates have been already selected, they shall be taken to be delegates from the districts in which they respectively reside, and the elections shall be held for all other districts not represented, or not fully represented in accordance with and on the basis of new apportionments. The new elections shall be held at such times and places as city or county executive committees shall designate.

Hook and Ladder Co.

During the past week or two a number of our most prominent men have been canvassing the necessity of forming some sort of a fire department in this borough, and after much consideration of the matter, it has been conceded that, being no available water supply at the present time, the formation of a Hook and Ladder Co. would be the most feasible, and that a subscription be raised among the property owners for the purpose of raising the necessary funds wherewith to purchase the apparatus. The idea is a good one, and we earnestly hope that some one will take hold of the matter and bring it to a successful issue. That we need some well organized plan for "fighting" fire there can be no doubt, and now is the best time to prepare for any sudden emergency. Who will move?

The reports from India are not hopeful, and the gloomy prospect can no longer be denied. Up to March 1 the sum of \$12,500,000 had been expended on the famine, and the expenditure by Oct. 1 will amount to \$75,000,000. And yet for the need of a little extra use of money many thousands must die in the next few months. The Viceroy has not been willing to spend enough to perfect the means of transportation; and he has been to hard a task-master in exacting so rigorous a labor test. Women and children are forced to shovel earth in rather a purposeless way before any food will be given them. The men are paid 4½ cents a day for this labor, and the women are paid even less. At the present price of rice this compels them to live on two-thirds the quantity of rice furnished to convicts. But after the work is done the food is not always on hand, and so the toll may be in vain. Of the 300,000 persons now employed on the relief works one-half will perish from disease in the course of the summer. They are obliged to camp out in the open country, where dysentery, cholera, rheumatism, and low fevers make sad havoc in their numbers. During June and July the suffering in Bengal will be most intense, but the distress will not be over until October, as the rice which is harvested in August cannot be eaten for fifty days afterward. It is too fresh and green at first, and causes sickness and disease. In a portion of Tirhoot alone, one of the famine counties, in the middle of February there were 85,000 men, women, and children staggering on the road in search of food and Government aid. Deaths from starvation had already commenced and as the season advances the mortality will increase at a terrible rate. The Governor-General of Bengal, Sir George Campbell, was quite right in his apprehensions. The Viceroy has shown himself unequal to the emergency.

Current Items.

In Uxbridge, Mass., Monday, Grosvenor Aldrich fell upon a circular saw and was cut in two.

Small pox is again on the increase in Montreal. It is estimated there are at least two hundred cases in the city.

One hundred members of our present congress fought in the rebellion, and twenty-six of them were confederates. The Rhode Island Democratic State Convention met Monday, and resolved to make no nominations for State officers.

The Senate Tuesday confirmed the nomination of David Reed to be United States Attorney for the Western District of Pennsylvania.

M. C. Brown, father of Gov. Brown of Georgia, and a soldier of 1812, died on Sunday night in Chehoro, aged eighty-seven.

Washington, March 23.—In the House today a bill was passed authorizing U. S. legal tender notes to the amount of \$400,000,000 to be kept in general circulation; and that the total amount of notes issued shall never exceed \$400,000,000.

The Massachusetts Legislature talks of a law prohibiting the catching of trout less than three inches in length. When anglers feel a bite, will they have to wade in and measure the trout before they land him?

When the ladies of Tallahoma, Tenn., began singing in front of a liquor store, the barkeeper set out a bottle with a fuse attached and lighted it. Fearing it might be powder or Jersey whiskey the ladies retreated.

At a Centennial mass meeting in Philadelphia, Wednesday evening, the citizens pledged themselves to increase their subscriptions by a sum not less than \$1,000,000, and to call on the city to appropriate a further sum of \$1,000,000 to be used in the erection of the Centennial buildings.

Mr. Disraeli has consented to listen to a deputation of seventy Irish members of Parliament in favor of the release of the Fenian Convict. Dr. Butt, and Messrs. Martin, Ronayne, Sullivan, and others will address the Premier. The members of the deputation are very hopeful of receiving a favorable reply.

San Francisco, March 24.—A despatch from Tucson, Arizona, says that Major Randall had a fight with Apache Indians fifteen miles from Florence. Eleven warriors were killed and thirty women and children captured. Three soldiers were wounded. Major Randall had a narrow escape.

A few years ago Hangman Foote offered a reward of \$10,000 for the scalp of an Abolitionist. One night last week this ferocious individual went to a colored man's restaurant in Washington, and dined with Wendell Phillips; and Mr. Phillips retired from the sitting with what hair he has intact.

Annapolis, March 24.—Gov. Groome having returned to the capital, signed to-day, upon requisition of the Governor of Illinois, a warrant for the delivery of J. B. Schulerberg to the authorities of that State, where he is indicted for forgery. Schulerberg is the notorious Dr. Paul Schoepp.

In the Court of Common Pleas of Dauphin county Tuesday Attorney-General Dimmick and Deputy-Attorney Lyman Gilbert argued a case in commonwealth against the Erie Railway of New York, to recover \$76,000, also against the Delaware, Lackawanna, and Western Railroad to recover \$42,000, and against the Danville and Wilkes-Barre and the Reno Company for smaller sums. The cases will undoubtedly be carried to the Supreme Court.

Cincinnati, March 25.—In June, 1872, Belle Secor, a young girl aged thirteen, was outraged and murdered in Mercer County, Ohio, and two men, named McLeod and Kimmel, suspected of the crime were lynched by the infuriated citizens. A few days ago Thomas B. Douglass, of Fort Wayne, Indiana, on his death-bed confessed that he committed the outrage, and afterwards participated in the hanging of the two innocent men.

Philadelphia, March 24. At the election for the Penna. Railroad Company, held to-day, the following named persons were chosen to serve for the ensuing year: J. E. Thompson, Josiah Bacon, Westar Morris, John M. Kennedy, John Scott, from Pittsburg; Alexander J. Derbyshire, Samuel M. Felton, Alexander Biddle, N. Parker Shortridge, and Henry M. Phillips. Josiah Bacon received the highest vote—286,094 shares; and Henry M. Phillips the lowest—279,512 shares. There was a falling off in Mr. Thompson's vote from previous years, he receiving 282,756 shares.

The Pennsylvania Railroad Company, the New York Central, and the fast freight lines, on Saturday resolved to make common cause with Erie company, and sustain the latter in their proposition to their men, which is to pay \$50 per month and 17 cents per hour for overtime. Fresh men were offering in abundance Monday at these rates. It was announced by the police that effort of the strikers to restrain or intimidate peaceable workmen would be promptly put down. The mischief at the Erie docks is suspected to have proceeded from the effort of those concerned in a former freight delivery contract which was profitable thing under the old Erie management. The contract price was 78 cents per ton and the profits were said to be enjoyed by certain ex-officials of Erie.—The Stockholder.

Philadelphia, March 24.—A fire started this morning in a saw mill attached to Cramp's ship yard in Kensington, and spread to the machine shop, extending 400 feet on Brach street, 150 feet wide and three stories high, which was entirely destroyed. The shop contained machinery valued at \$100,000, most of which is ruined. The building cost \$50,000. The steamship Pennsylvania of the American line, which underwent repairs, was aground and narrowly escaped destruction. Two new steam colliers at the wharf, belonging to the Reading Railroad Company, were hauled out into the stream for safety. A part of the machine shop walls fell on the joiners' shop, crushing a part of it. The total loss is \$175,000; insurance, \$127,750. Burning brands carried across the river set fire to Manderson's mill and other property on Petty's Island, destroying property valued at \$30,000; insured for \$8,000.
